

**HARRIS CITY COUNCIL
Emergency Email Meeting Minutes
Friday, October 25, 2024**

Mayor Carlson requested an emergency meeting be held on Friday, October 25 via Email for an Email Vote. The grader had an oil leak. There was a small hole in the oil cooler. The cost per RDO was approximately \$8,000 for the part plus labor and trip charge for a total of \$9,000 or \$10,000.

Carlson contacted KNH and Starkside Auto for estimates. Both said they could do labor, but Harris would need to come up with the parts.

Estimates received for parts include Tom’s Radiator Repair in Anoka, EBay, Radiator Supply House, and John Deere.

Carlson requested authority to order the oil cooler from Radiator Supply House and use Starkside Auto to install it at a cost not to exceed \$3,000 total.

Voting in favor Mayor Carlson, Councilmember Siedow, and Councilmember Pearson.
Motion Carried.

City Clerk – Shannon Geier

Randy Carlson - Mayor

Date Approved
